Exchange

The system ensures a fast responsiveness, the delivery time only makes up the shipment. Replacement units are repaired and thoroughly tested units. If the defective unit is returned to BOGBALLE, it will be credited immediately at a fixed net price, if the unit can be repaired and reused in the exchange system (if the unit cannot be reused, the credit note will be debited. Expected processing time up to 10 weeks).

Periodically, some replacement units are not in stock, due to a very long product life. In that case, upgrading to a newer device may be considered. Contact BOGBALLE for guidance on necessary, additional parts.

Warranty: A 12 month warranty is provided on replacement units.

Overview working widths

Type	Min./max.
D	12 m
DZ	12-18 m
E	12-24 m
EX(W)	12-36 m
L1	10-18 m
L2(W)	12-24 m
M1	10-15 m
M-line	12-42 m

The quality of the fertiliser has a great impact on working width

Above mentioned working widths may be less than mentioned, if the physical quality of the fertiliser (grain size division and hardness) is poor.

On our homepage fertiliser analyses can be made free of charge 24 hours a day.
